NGUYEN NGO BAO

Ho Chi Minh City, Viet Nam
Email: nguyenngobao19@gmail.com Phone: +84 911061699

Education

Ho Chi Minh City University of Technology (HCMUT - VNU) 2024 – 2028
Bachelor in Computer Science (GPA: 3.5/4.0)

Experience

Undergraduate Research Assistant at URA Research Group (HCMUT - VNU) 05/2025 – Present

Co-Author & Researcher — AI-Agent Tutors for Scaffolding Self-Learning (Submitted to EAAI – Under Review)

- Assisted in running a double-blind controlled study with 100+ CS students at HCMUT to evaluate adaptive AI tutor scaffolding and retention across Bloom's Taxonomy levels.

Skills

- **Programming Languages:** C++, Python, SQL, LaTeX
- **AI & Data:** PyTorch, NumPy, Scikit-learn, Pandas
- **DevOps & Tools:** Docker, Git/GitHub
- **Language:** Vietnamese, English, Chinese,
- **Soft Skills:** Teamwork, technical communication, problem-solving, time management

Projects

Explanation-Preserving Mixed-Precision Quantization for Agricultural Edge AI *(Ongoing)* 9/2026 – Present

- Proposed XAI-MPQ, a post-training quantization framework for MobileNetV3 that treats explanation fidelity as an optimization objective alongside accuracy, addressing Explanation Drift in depthwise-separable CNNs.
- Profiled all 64 quantizable sub-layers using a Joint Sensitivity Score that combines accuracy drop and Grad-CAM drift (Top-15% IoU), then solved bit allocation as a 0-1 Multiple-Choice Knapsack ILP under strict memory budgets (INT2/4/8).
- Evaluated with Quantus-based metrics (faithfulness, stability, complexity, localisation) and the composite Xpression score; validating background-shortcut resistance on the Makerere Beans field dataset.

Awards and Scholarships

OUTSTANDING ACADEMIC PERFORMANCE

- In semester 1, Academic year 2024-2025

OISP SCHOLARSHIP

- In semester 2, Academic year 2024-2025

Certificates

IELTS

- 6.5 Overall

MICROSOFT OFFICE SPECIALIST

- Excel 2019
